

Facts to Know:

- A charter is **a document that grants rights to an authority or organization.**
- The English came to America searching for **silver, gold, and raw materials.**
- Raw materials are materials found in nature that have not been processed.
- Pocahontas is the daughter of Powhatan, an Indian. She married an Englishman (John Rolfe), which helped improve the relationships between the Indians and the colonists for a bit.
- John Smith initiated **trading** relationships with the native people to help improve the condition of Jamestown.

The number 3 on the map below indicates Jamestown, which is on the James River
